Advance Praise

"Due to the diversity of the authors, Twenty Won is a practical guide to successfully navigate business challenges in any industry. Even with years of business experience, I gleaned new insights and enjoyed the new perspective on old concepts, enjoying the emotion and lessons of every contributor. Throughout the book, what resonates with me the most is how each woman followed her passion and purpose to manifest her desires and create success on her own terms."

- **Stacy Raske**

Bestselling Author, Podcast Host, Leadership Mentor, and Success Coach

"This book contains the stories of women who stepped up and took advantage of the opportunities available to them. And they did it, as women often do, in less than ideal situations, giving their blood, sweat, and tears to make a better world—for themselves, their families and friends, and their communities."

- **Jeanne K. Clark**

Grassroots Organizer, Trainer, Author, and Media Consultant for Feminist, Civil Rights, LGBTQ, the Environment, and Other Social Justice Causes

"Upon opening this book, I knew I would be inspired. However, it exceeded my expectations. As an author, radio personality, and business owner, I know we have many ups and downs as we navigate the waters to success, freedom, and happiness. But what drives us to make those decisions to take a leap and persevere no matter how high a wave comes at us?"
